I open my eyes
And I gaze..
There lights on ground are dancing
here on Earth that is yet to remain strange or will remain strange as long as I know

VERSACE

Can you share a moment Isha Green?

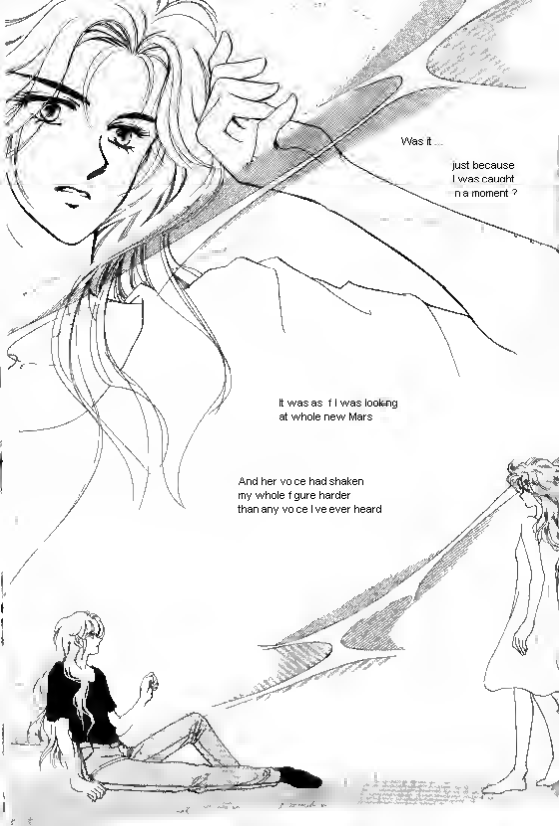
How s the fan you took n yesterday ? Is she all r ght?
D d she perhaps fa nt aga n after see ng you?
How d d she react when she found out her situaiton?
I don't know
And I don't want to make a b g deal about it
Ask my manager
Cold as usual
He has no et quette at all What he d d yesterday was unexpected from h m
Well even f we wrte how he s the fans w ll like h m more
And f we badmouth h m n our art cles we will be the ones who w ll be mocked
But sn't that what makes Isha Isha ?
Say what?

Aren't you into society and politics? What are you doing here?
I was passing by and I saw Isha and saw you guys
Hehe. I am his fan anyway Speaking of which he really did something unexpected
Honestly speaking, those moral oriented types aren't exactly the popular type.
Amy Callins !
Maybe, the fan was extremely beautiful or cute.
But he didn't seem to show any interest in women.
Quiet types often hog more.
Hmm, only if we can get a hold of her picture...
Do you want me to ... help you ?
Isha huh

I am not go ng to do any TV shows for a wh le
I am not go ng to do anyth ng that w ll drag attent on
What are you go ng to do about her though?
F ne, you w ll have to concentrate on upcom ng l ve tour anyway
Just leave her there for now
By the way do you have a cold ? Your vo ce sounds a little husky
Yeah ? I w ll get a p ll then
I w ll call a doctor for you
Will send h m n ton ght
When I depend my eyes

Mars was standing in morning sunshine
I thought she was disappearing again
And then she was still standing there
I thought... Ahah... you probably can't use powers right now
We meet again Isha

www.janimes.com



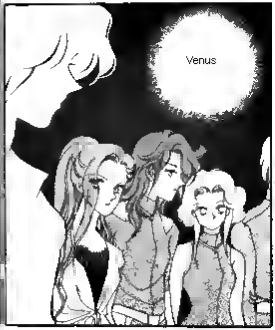
Was it ...
just because
I was caught
n a moment ?
It was as f I was looking
at whole new Mars
And her vo ce had shaken
my whole f gure harder
than any vo ce I ve ever heard

"Isha
Like I said do not open door to anyone and darken the glass wall
Ah
I know
Anything?
Yes
It's me
Nope
Ok I will see you soon
Ok
Weird feeling but good feeling
Not only his voice became weird he became weird as well

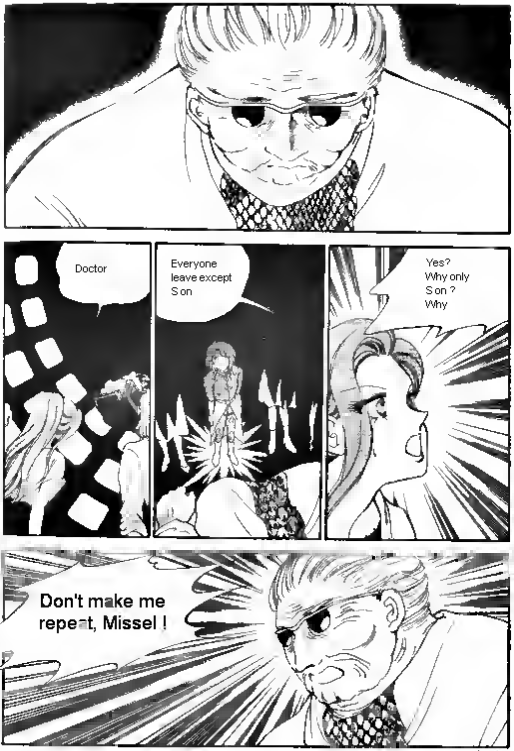
We've confirmed that Kitty's not at Jason Heaven's Jean Tania Kembell's and Jina's place
The only unconfirmed place is Isha Green's.
However, he keeps moving his place. So, we are keeping eyes on him.

That means it is highly possible that it's at Isha Green's place

And..according to the record..she's probably at his place
Mars has always been found near Isha
Whether she was in female form or male form



Venus



Doctor
Everyone leave except Son
Yes? Why only Son ? Why
Don't make me repeat, Missel !

Doctor ...
You were Kitty 101 s fr end weren't you ?
Do you have any memor es of the past ?
No..., because I am a clone..
But I do know that Kitty murdered me.
Do you think you are a human, Sion ?
Am I not ... ?

Perhaps, you were ...
But you shouldn't be anymore !
You must be a member of Medusa and kill Kitty 101 in front of me !
You've become too much of a human because Missel put warmth in your education
Listen to me carefully Son The more human you become, the less powerful you will be It will decrease your overall performance and you will waste energy on other things
And eventually you will put your life at risk
Your lifespan is very short You better make the most out of it
Remmeber that the only reason you were recreated was simply to kill Kitty 101 Mars Heaven

You must finish what you are set out to do It's your revenge as well
I am simply pushing and helping you to reach the goal
You look like a mother worrying about her own child.

Stop it Venus
You find her cute?
You wasn't surprised to see Sonat all
You must knew Did you tell Mars?
Well she wasn't so bad at school either She was a bright kid
Nope
Dramas hines when there are climax
What is your true intention Venus ?
What s it you want? You may think you are acting cool and like an observer but you are not You keep involving yourself deeper everytime

What do I want
When you feel the most void is when you have no goal or dream
You have been looking at Mars
Even if it is little and small if there is something you want or wish it'd be a little better
But how long will it last ?

You really did change You've never bugged me before
I don't know why we became like this
I feel like both of us are walking toward the ultimate void
Sis, are you a les ?
Son changed you this much?
It's not that
But does gender really matter if the person moves your mind ?
No
You are right

The kid who was hurt and was crying was Troll

The one who has created me

That arrogant monster He is Troll

Although in different forms he wasn't much different from me

He was a human being after all

Who were hurt

Even so, I cannot leave him like this.

I have to
get mov ng
If I don't do it
soon
I w ll soon turn
nto Ga
I have to get out
of here
Yes, I should h de
at carrot s place
unt# I heal fully
I have to
leave
Isha
Have to leave
H s
Isha s scent

Ins de
of me

A woman ns de of

What is a helicopter doing this close at night ?

That reporter ? It s the med a !
They just took my p cture !
No Isha w ll get nto a trouble aga n !
I d d not come here to get Isha nto a trouble
I did not come here to be his obstacle !

Oh, my god !
This is real.
That is Mars
Heaven.
And she was
stay ng in Isha
Green s room
Th s s huge !
The fame !
What?
Mars
Heaven?
That s hot news!
Amy good

So, there is
something
between Isha
Green and
Mars Heaven.
If you need any
more hands or
equ pments,
tell me
We don't have

We have to take
more p ctures
before the
adm n strat on
real zes

I must get out of here somehow
Where are you going, Son or Mars Heaven ?

Ah... Cesil...
The media took a picture of me through the wall...
I knew that'd happen eventually.
So, what are you going to do, Mars?
What do you mean If they pun sh that p cture ... your company w ll rece ve damage
So
Heh so you know the situat on
I thought you d dn't
Because you came to h de next to a person who gets a lot of attent on

I heard you can't use your powers now ?
I will lend you my private airplane.
I... don't want to cause any troubles.
So, help me to escape.
Go anywhere you want far away
Thanks
And tell Isha that I thank hm

Sure
Ces I can I sit down for a moment?
Sorry I am not healed fully yet

I know you have blonde hair
Has Isha complimented your hair before ?
No
?
What are you saying all the sudden ?
Ah
Cesil ...?
What the ...
You think you can fool people with this kind of disguise ?
What are you doing

Let it go !
Ah -
You are powerless now
When you came to Isha for help, you had powers at least
You've used him only when you need help
And used me ultimately as well

If I send you away Isha w ll quest on your whereabouts and w ll be worr ed
And when you get healed you w ll show up n front of Isha as f noth ng happened
Do you really expect me to see Isha treat ng you so n cely for the th rd time ?

He was by your s de for a whole n ght
That cold Isha d d that
Isha d d ? He told me that he just came in to change room
Just l ke how he d d to that Ga person
Although the result was bad I got r d of h m at least

Jaminés
www.janimes.com

Someone from there...
Why would that rich girl...
She meant ...
How should I deal with an esper ?
Cesil, wait !

What
You were us ng me as your escape plan
And I f re my gun as self defense
No
Who would doubt th s story ?
She s ser ous
Why would I, the great Ces l He ward Ie ?
Th s s
And I have no mot ve for k ll ng you ether
No one w ll cry for your death
I d d what the government would eventually do

Isha s mine
I won't g ve you
another chance
Adieu I
Mars

ア

I don't understand ...
Just ...
Just because of Isha ...
She tried to kill me just because of Isha ?
Jealousy was enough of a reason to kill someone ..?
I have had so much troubles trying to figure out why I had to kill a human being.
And that was her reason ng for a murder?

Haha ...
the rony

Th s city

jamimes
www.jamimes.com

You said Kitty was always found near Isha Green
You were right this time as well
What do you think that means ? What connection do they have ?
Well
Perhaps Mars like Isha Green
Call it Kitty
And don't tell me that you are joking
I am not certain
Perhaps Isha Green is a good person to ask for hiding
Who knows

You th nk that Isha Green could be used as a bait to lure Kitty ?
Venus
Anyth ng can happen n its opposite way But it s certa nly not mposs ble

Venus what were you th nk ng when you sa d that ?
What? There s noth ng wrong with what Isa d
Mars l kes Isha Green?
That Mars? With the personality of hers?
Then it s not
it s not a matter of personality though
I thought
You had share of nterested n her

You are

I have share

In much more deeper way ...

Yes, very smart move Kane
You want to weaken my mnd
Of course you are Every so-called normal people n th s city have to do everyth ng n a calculated and planned way
And by realz ng so I guess I've become one of them as well
I also calculate my anger pa n and value

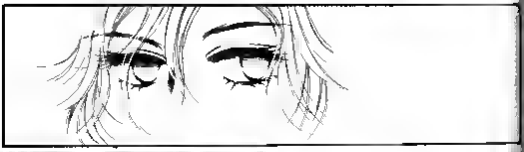
www.janimes.com



I am not really feel ng sad So no tears
Actually I don't know what to feel now
I knew she l ked me very much
I guess I am a stranger after all
So that s how much you k ed her
I guess so
She was cute
Yes she was
She was a ruthless pr nces s but sure
Even her split character was charm ng
Normal City

You hate me, right ... ?
No I don't You don't need to feel guilty
It was me who brought Mars here after all.
You don't really...

Bye Cesl
잠기
Sorry
and thank you

I see you everyday I guess I should fall in love with you
Thanks but no thanks
To have someone like you as a wife, I'd need several houses ready to move in
I don't like women with short temper
Ah, we have common. I don't like short tempered women either
I want to try to hunt for a good woman when I turn into Ga next time
Can I get that kind of freedom if I listen to you well ?

Jaminés
www.jaminés.com

Of course
As long as I know that you are not going to run
Well I can't run away now because I have no powers to
But you will eventually find out
Yes I will
I hope that you can keep your word with that smile of yours, Mars
You are a very intelligent man Kane
And it is not like you are not charming either Why are you still single ?
Not even a girlfriend ?
Thanks for the compliment
But my ideal woman is Mona Lisa
Or a woman who is as intelligent as me

Who s Mona L sa ?
Mars s from Mars
A long time ago
She was a rock s nger
Ah I see
Well our conversat on ends here today
Get treated well
Looks l ke you are g v ng me some kind of mental class
Just rest
Ah wat
Eh

How s
Eh _can you add some oranges to dinner ?
Isha Green dong ?
Is he all right?
I wll tell them
Is he be ng pun shed because of me aga n ?
How s he ?
Yes

Team with Mars ?
Yes
as soon as she
s healed she
w ll beg n work ng
as a government
esper
And you
w ll be her
teammate
Your
answer?

Do you need my answer ?
You don't need my answer or any kind
It's an order, isn't it ?
Aren't you two friends?
Right
But that does not mean we have to be in the same team
If this is about Sion Revy this might be a good time to resolve the misunderstanding
Resolve...
Can you say that a misu-nderstanding really ?

www.janmes.com

Because of her guilt about Sion, she will follow me.
Thus, she will not run away or abandon me.
Correct, Jean. You are very smart.
I suppose you do also know what to do.
Not as much as you do Kane
Treat ng Mars warmly w ll be an nv s ble web that w ll trap Mars under your command

Sion is coming back today ?
it s been 15 days s nce Dr Troll took her under tra n ng
I get to see her today f nally
I called her to come here Th s s her favorite place
Well I don't know what S on means to her a ch ld or a lover But anyway it s good to see M ssel ke th s
I am amazed that she could spend that long w th Dr Troll
She s k nd to everyone
Don't you th nk so Venus ?

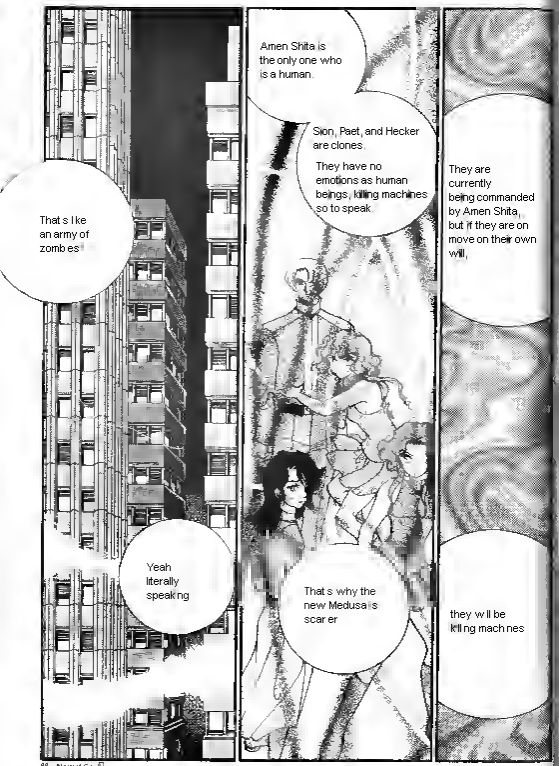
She s fun to make a joke to Anyway I won't nterfere you two See you later M ssel
Am I allowed to go out r ght?
Yes Just don't cause troubles
And go see Amen Shita
Slon.
Are you going to see Missel ?
You still don't remember me ? We met at school a long time ago, remember?

I don't remember
Will you step as de ?

Jasmines
www.jasmines.com

Something s
Son what kind of trang dd Dr Troll make you do
Son
If you have no bus ness with me excuse me

Sion,
you.....
덜컹



Amen Shita is the only one who is a human.
Sion, Paet, and Hecker are clones.
They have no emotions as human beings, killing machines so to speak.
They are currently being commanded by Amen Shita, but if they are on move on their own will,
That's like an army of zombies!!
Yeah literally speaking
That's why the new Medusa is scarier
they will be killing machines

Son s a clone but she d dn't act Ike one But she acts Ike one now
Why ?
A newly created clone is Ike a baby Ther personality w ll be dec ded by the r tra ner
Dr Troll tra ned Paet and Hecker but M ssel tra ned Son
it souns Ike M ssel treated her wth warmth
And that made Son more Ike human
Or more Ike how she was or g nally
I don't know what Dr Troll d d
But he turned her nto h s Medusa now

www.janimes.com

He turned the new Medusa into the way he wanted after all.
An army of zombies... who were killed by Mars Heaven...
That's just like Dr. Troll... really...

Is it true that Isah Green was the one who brought Mars Heaven to here?
Yes they used to be teammates when working for the administration
He s the cause of Ces l s death literally
She helped h m so much
And that bastard d dn't even drop one tear!
But s r everyone has a d fferent way of handl ng despair
Shut up!

Isha Green
is dead !
MAX has decided to terminate all support for you, Isha.
Due to the contract you can't even sing in public without permission from MAX.
In another word, your life as a singer has ended !

That was a stupid mood of his.
Does he realize how much money was invested in you?
He won't be getting any money back by doing this
Just wait Isha When he cools down he will change his mind
I understand him
After all I was Ces Is puppet
Just like what the singer who tried to get me into a trouble said
Yes..that was it

For a very long time I wanted to s ng
That s why I wanted to be a freeman so that I can s ng whenever and however I wanted
And I d d enjoy the t me I spent as a celebrity

www.Janimes.com

Yes
I reached my goals step by step
it happened pretty much how I wanted to happen
But I am not sat sf ed at all
Were those really what I wanted ?
Strange encounter wth Ga
And we rd fate wth Mars
Those made me move ... not by those that I thought I wanted ...

I guess the live tour is cancelled
Yes ...
You should have an interview soon and tell the public.
Or, if you don't want to do that ... I know you don't feel like to dos.
we can just phone.

Could you call the band members for me ?

Yes the guy wth sunglasses Your name was

Ga S Heston
It s a name I made up
The initial S is for Sion ...
She was my best friend who I loved... and who I killed by my own hands.
You must be kdding, r ght ?
I hope ths whole thng s a b g joke

I am sorry that I haven't told you th s Jean
Th s s Mars Heavens another face
I have been turn ng nto a male regularly ever s nce I was born Jean
I am meeting you Ike th s so that I can show you the truth
Stop joking !
Do you seriously think I will believe that ?!

Even if you refuse to believe, this is the truth ...
Why, ...
Even if I want to refuse, this is the truth ?
If something I cannot believe is truth, if it is so ...

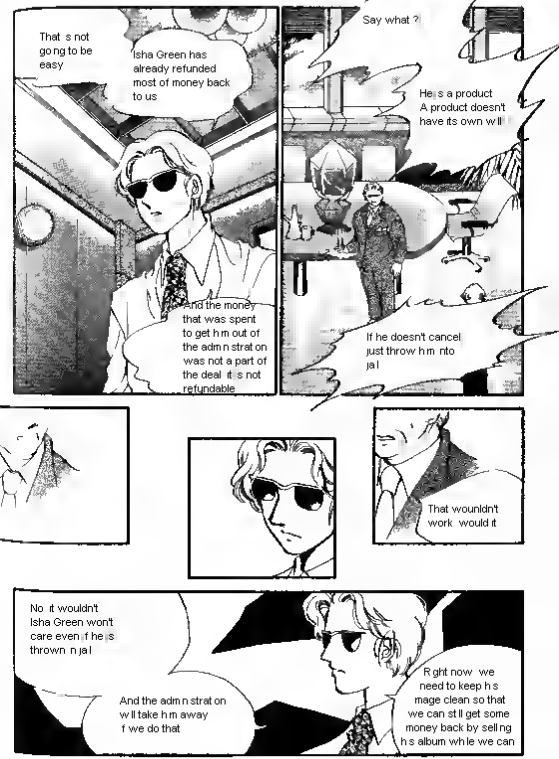
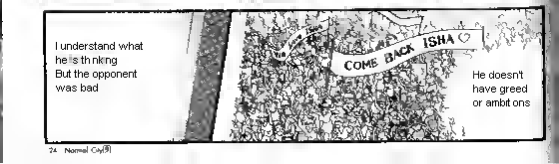
Janimes
www.janimes.com

Retired ?! Who told him to ?!
Do you have any idea how much was spent on him.
If you were going to regret you shouldn't have done this in the first place
He didn't tell me he was going to It was purely his decision
I said to stop him temporarily!
What's going on Peter ?!
Cancel his retirement now!



That s not
go ng to be
easy
Isha Green has
already refunded
most of money back
to us
And the money
that was spent
to get h m out of
the adm n strat on
was not a part of
the deal t s not
refundable
Say what ?!
He s a product
A product doesn't
have its own w ll
If he doesn't cancel
just throw h m nto
ja l
That wounldn't
work would it
No t wouldn't
Isha Green won't
care even f he s
thrown n ja l
And the adm n strat on
w ll take h m away
f we do that
R ght now we
need to keep h s
mage clean so that
we can st ll get some
money back by sell ng
h s album wh le we can

We have an album to be released and several music video.
Since he declared retirement, his album and music video will be sold better.
Damn it...
What can we sell ?
We need to keep his image mysterious
We will be able to use his image for the company from time to time as well



I understand what he is thinking But the opponent was bad
COME BACK ISHA
He doesn't have greed or ambitions

His fans who want him back.
They will be gone pretty soon. And he does know that. But he could be a little more greedy and ambitious ...
Then what does he want ?
What does he really want ?
He quits what he wanted to be so badly so easily and is going back to restricted life again
What benefit would that give him ?
www.janimes.com

I guess it will be hard to see you once you go back to the administration
Isha hates me That's why he's leaving
Could it be
Yes... as long as you do that

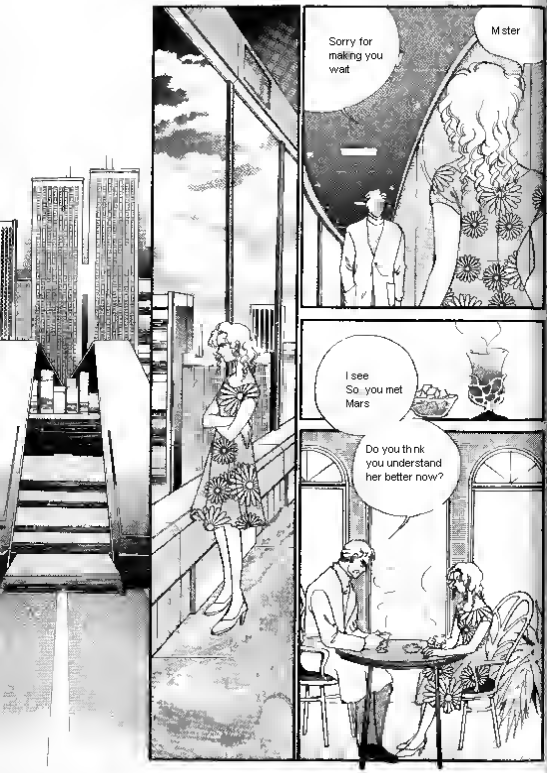
Although I haven't really expressed myself
Thanks for everyth ng guys
Charl e Shi ng
And Greg
Although we ve been n the same band I feel like I ve been work ng pretty much alone
Well Quest on Mark without you w ll d e soon
Another vocal w ll only be m nus
But I knew that you guys were easy on me
We had no cho ce but to be easy on you

Sorry
Don't worry! We will do musical play kind of thing
We were doing that before this anywya Besides I know that how it is to be a popular celebrity now
Besides lotta money earned
Your so called contact was all about you So no real damage for us
But Isha
We wanted to get to know more about you
Like you said, you've pretty much been a loner
Since you won't do music, the chances are we will never see you again
Sorry... it's my personality.

Isha do you know languages of Indians ?
What ?
although gone now, they used to name people awkwardly.
Like in a movie called 'Dance with wolf'
The main character's name was 'Dance with wolf' and female main character's name was 'Standing up with fists'
Do you know what a friend mean in their language ?
No
It's... Someone who shall carry my sadness on his back

www.janimes.com

Now let s go eat someth ng
Not th s k nd of closeness
What have I been looking at
I've been only waiting for what I want to come to me
I wasn't even looking around What have I been do ng
Th s time I am go ng after it



Sorry for making you wait
M ster
I see So you met Mars
Do you th nk you understand her better now?

it must have been hard for you
So she s not your b olog cal daughter ?
No but it has never been an ssue for me it seems it s for her though
How her other s de
That
She was born as an exper ment
But she looked al ke my lost daughter
I bel eved it was fate
I had no dea that she d grown up to be such a bad daughter though

Perhaps I knew this would happen
That dress suits very nice on you
My wife Agasa used to enjoy wearing those kind of dress
?
Yeah ? Thanks
I hoped Mars to wear something like those when she's grown up ...
But, after she realized what she was, she stopped wearing feminine clothes

Janimes
www.janimes.com

Did I underestmate the reality too much ?
I thought everything would go well
I idn't expect this kind of resuit
I believe it was Son who had helped her go though her hard times
Help her
I know your feelings toward her due to Sons nc dent
But she needs help

I think I need to get a hold of myself strongly.
Yes ...
Now ...
Because even my memor es that I thought I knew are about to be destroyed

Must kill ...
Must kill ...
If I don't ...
I will be killed.

Do you th nk you can just create someone to look up to ?
Yes!! I wanted to make Mars a hero who everyone could look up to
Even f it was fak ng I wanted to make her a golden statue of adm rat on !
janimes
www.janimes.com

But she is a human !
Didn't you grow any kind of ambition when you saw her powers ?
With powers like that, one would even destroy a whole city.
She doesn't want to be what I wanted her to be. There was nothing I could have done about that.
If she wanted a crown, she could have easily had it !

But she doesn't have the intention That is the problem
If I were her ....
You've been awfully quiet until now.
What you just said is what you really wanted.
"Heaven" wasn't meant for Mars, but you.

You have to take the responsibility
Right now they are cutting branches only
it's a warning and declaration to us
Right now probably you and I are on top of Dr Trollis wanted list
Mars is not coming
We have to decide
Whether to run or to fight

Who s it ?
it s me... Ga
Uh no Mars
What s up at th s hour?
Can I come n ?
it s Mars but it s a guy at th s hour
none sense?

Just
It s just that I go back to Mars tomorow
So
Come n
You don't feel Ike Mars s here do you ?
But you are Mars
Ah
What s it you wanted to say ?
Janimes
www.janimes.com

Tomorrow ... I will be Mars
So, before that ...
I know I won't be able to say this when I am Mars. So ...
Although it means probably nothing now.
I just wanted to say this before I become Mars
Sorry
I am really sorry
The person I should be saying this to is not in this world anymore
For murdering your friend

Yes
I never wanted her to know about my secret
But I was more afra d of fac ng her as Mars and act as f noth ng happened
I am sure I would never be able to apolog ze or any k nd as Mars
Ahah you w ll see the arrogant and ruthless Mars tomorrow
Hate her as much as you want
And do whatever you want to her
Sorry
For murder ng your fr end
hard to bel eve such a sentence should exist

The middle initial S stands for Son
It's the name of a friend who I love the most
Another
Son

Mars
I also am not sure how I will treat you when you turn into Mars
It will be the best to let the time solve
Eh?
Or not
If it's all right with you I can I sleep in your room?
I will sleep in a corner

I may torture Mars So
Mars s not that kind of person
but I don't th nk it s just because of wh ch form she s n
Mars may act rude and ruthlessly
Perhaps her weak s des are surfac ng n her male form ?
Are you sleep ng Jean ?
No

Do you remember we were very disappointed to see a forest of tall buildings when we came here?
Yeah ...
We wanted to see green forests and plants
But we never saw any of those
Nope
I thought there was nothing natural in this city.
Perhaps, the only natural thing left was the human.

Even then, more existence like me will appear and the humans will no longer be natural ...
17
Do you hear this roaring ?
Huh? Ah..., it's the air ventilation system.
Yeah ..., occasionally, the buildings do this.
When I was alone ..., I thought that ...
perhaos this roaring is sound of the forgotten dinosaur.

The sound of the long forgotten dinosaur. . .

Like I came to Earth, wanting to find something that has long been forgotten ....
Like the dinosuars...
Something I will never be able to find and see for myself.

Venus ?
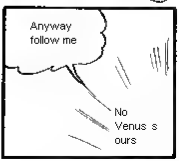
What are you saying?
You want to be a celebrity?
Eh..., that's...
Ah, so, you want to be more popular and famous than Isha Green, right ?!



Good work, Amen Shita. You are finally healed.
I feel foolish. I can't believe I was knocked out like that after one fight.
Your powers are still leveling up.
Don't forget to get drugs and injections.

But you better use your head next time you fight
I am not sure but Mars Kitty 101 seems to have higher healing rate than you
Next time I see that bitch I am going to finish her once for all
That bitch she dared to drag attent on from Venus
Marte
I heard that Kitty 101 was Venus original partner
yeah?
Yes

Has he liked Kitty 101 since then?
A-7
What ...?
Has he loved anyone in particular?
What makes you think that?
For no reason
He hasn't been coming to see me lately
Did Dr. Troll confine him?
Not really
Right... he is supposed to be that kind of person you speak of

When I was hurt, he came to see me regularly. And then, when I am healed...
Not that I don't know that he doesn't love me ...But still...
He will come Why would he not ?
Thanks, Marte
Do you like Venus that much ?
You can't get ordinary romance from him if you do. It will be hard for you
Marte

janimes

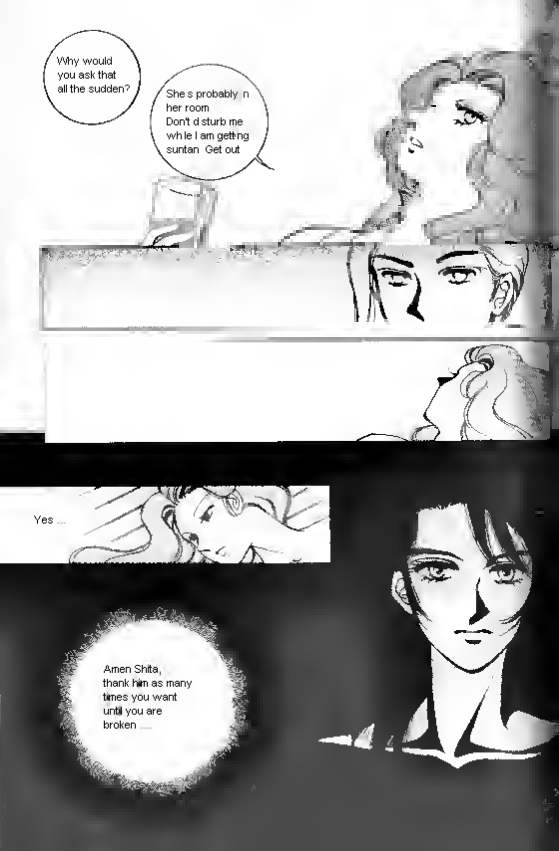
I sincerely thank Dr. Troll
And thank to him, I get to meet Venus
And thank to him I have powers that prove my existence and individuality
People have to accept and acknowledge my existence even if this is not the most rightful way
That's why I am obeying him no matter what order he gives me
My life in India was too hard to bear
After my mother and I were classified as level 5 radioactive mutants everything was too hard for us
At a center.. I met Dr. Troll He tested me and I became an esper who people don't like
But I don't feel lonely and abandoned here. Besides Dr. Troll is taking care of my mother extremely well

To kill Kitty 101
To be pregnant with Venus' child.
Of course even if it wasn't his order, I would like to have Venus child
One day become a wife and a mother A peaceful family such a dream
I think that could be possible one day
Of course considering how Venus is to me that might not be possible Haha
But we are fixed under the same fate
I can feel One day
That's why I am so grateful for giving me such fate

For g v ng me
a chance to mag ne
such a dream
I see ...
One day ...
... was
what she
said.

Good for her.
Let her dream.
She will be happy while she has dreams
Whether she wants or not one day dreams will be broken
Until then, let her thank Dr. Troll as much as she wants
Missel
What ?
Nothing
Where is Son ?



Why would you ask that all the sudden?
She s probably n her room Don't d sturb me wh le I am gett ng suntan Get out
Yes ...
Amen Shita, thank him as many times you want until you are broken .....

Due to the

that Dr Troll
performed
I reckon

Yes
it would appear that the nerve between left and right brain was terminated. And it seems left brain is damaged in some way
Right now... the way she expresses herself has clearly been downgraded
And she doesn't speak unless she has to
You do know that right brain is in charge of emotions.
It's causing uneasiness and anxiety.
While being awake, it should effect less. But it will get worse gradually.
Athough it doesn't appear clearly her emotional side is probably very unstable right now
In a way, Sion is the most dangerous one among other Medusa.

He destroyed Sion.
I would have never thought that I'd feel angered at one of work though
But
Mussel

At last, Medusa looks like Medusa now. Your father is happy.
This is your first offical mission.
We must terminate betrayers... Kit and Kira ... your old brothers.
But do not kill them. Bring them alive to me. I don't care if you cut their arms or legs. Just bring them to me alive.
Their ultimate punishment should be performed only in front of me.
The reason I let Kira live until now is that
It sometimes takes time to realize one's sin.
I've given it enough time to think. Now it is time to listen its answer.
